## On Cederberg To Be Here Monday

### To Speak At Joint Meeting Of Kiwanis-Rotary

United States Congressman Edward A. Cederberg of Bay City, who represents the Tenth Congressional District which includes Grayling County, will be in Grayling all day next Monday, September 19.

During his visit, Congressman Cederberg will call on a number of business and community leaders in Grayling and will be at the Crawford County Court House to meet his constituents and to discuss any problem with them. He is particularly anxious to uncover local opinion on the changes in the Social Security law concerning higher and wider coverage.

In the evening at 7 p. m., the Bay City Congressman will speak to a joint meeting of the Kiwanis Club of Grayling and the Rotary Club of Roscommon. This meeting will be held at the Big Wheel Restaurant at the junction of U.S. 27 and Grayling about halfway between Grayling and Roscommon. The meeting will get underway at 7 p. m., with a dinner with Cederberg's talk to follow. Over 100 are expected to attend the meeting and dinner.

### CHARLES GARLAND RECEIVES AWARD

Charles Garland, son of Mr. and Mrs. E. A. Garland, of Bay City, was presented with the "For God and Country" award at the regular church service last Sunday in the presence of his parents and three fellow explorer scouts.

The award is not a merit badge. It is given at the recommendation of the scout master and the pastor for 150 hours of work for the church and community. The hours work must be completed within a three year period. As part of his efforts to earn the honor Charles faithfully served as collection taker and usher at the church for two years, wrote an essay on the life of King David and made a miniature copy of the church altar. The award, which comes from the National Lutheran Council, Minneapolis, Minnesota, was presented to Charles by his mother.

### Frederic Speedway Runs Races Sunday

Sunday afternoon the Frederic Speedway again thrilled its spectators with stock car races.

Three heats, an Australian pursuit and a feature were run. The feature race was won by Dick West Branch in car No. 16, who just beat out Frank Berli by less than a half car length. These two were followed closely by Dan Wolf in car No. 23 for third place.

Car No. 511, Lacy driving furnished a thrill when he crashed at the wall and rolled a Chevrolet sedan at high speed. This same car was used in the same stunt last week and plans are to use it as long as it will hold together. It has certainly taken a beating.

The main event plans on racing until cold weather.

Races every Sunday afternoon starting at 2:30 p. m.

### Candlelight Ceremony Unites Thompson-Failing Saturday

Candlelight and bouquets of pink glads decorated the Michelson Memorial Church on Saturday afternoon, September 10th, when Miss Patricia Thompson became the bride of James Failing of Grayling. The Rev. R. C. Puffer performed the double ring ceremony at two o'clock in the presence of immediate members of the family. Mrs. E. H. Wilcox presided at the organ.

Patricia was given in marriage by her father, Richard Thompson, wearing a white street length dress of nylon with frosted white trim. She also wore a corsage of red roses. The bride was attended by her sister Mrs. Theodore Davonport, who wore blue nylon complemented with frosted white and a corsage of yellow roses.

Robert McClain was best man.

### Spread Cautions Bus Difficulties

## Grayling Public School Enrollment 37 Students Higher Than Last Year

On Monday a check of the enrollment figures showed a gain of 37 pupils in the Grayling Public Schools as compared to the official opening enrollment for September 30th and a slight increase is expected by then over the present figures.

Last year there were 827 in grades 1-6 and 281 in 7-12 for a total of 1108. So far this year there are 848 in grades 1-6 and 297 in 7-12 or a total of 1145. The Kindergarten leads all the grades with 70 beginners enrolled. Grades 1-2-3 are all divided while grades 4-5-6 are still in single grades but over crowded.

While it is the policy of the public school to provide transportation for as many students as possible who live a mile or more from school it is just not possible with the present facilities to stop in front of every house.

## Vikings To Face Kalkaska In Practice Football Game Wednesday

### May Determine Several Starters

The Grayling Blue Vikings are to face the Kalkaska Blue Blazers at Kalkaska at 4:30 this Wednesday afternoon in a gridiron practice game. Coach Larry Baumann says his squad up to this point looks much stronger than it did a year ago, and added that several starting slots were still "up for grabs."

Starters in this week's practice game will be Mel Luter at end, Lawrence Canfield and Ole Carlson at tackles, Jim Parkinson at a guard post, Orin Luckstead at center and in the backfield, Gary Worden, Bill Kenyon, Lloyd Failing or Dick Moore.

Others who will probably see action during the game are: Bill Schreiber at a tackle or linebacker slot, Clare Madson at a tackle, Jim LaGrow at a halfback, Bill Holzman at a guard, Bill Failing at a halfback, Gus Harrison at a halfback, Wayne Ingalls the line, Joe Wayne a transfer from Brooklyn at a tackle or guard, John Cox at a tackle or guard, Ronnie and Bill Kettig at backfield slots.

Coach Baumann said that the last year's game was a defensive battle with formations shifting according to position on the field, what down and number of yards to go and other factors.

Starting spots on the starting line up which are still being disputed for are one end, a guard slot and quarterback post. Paul Berry, a transfer from Midland is giving Don Roberts last year's first string end, Gary Parkinson and Keith Warner are competing for the guard post with Steve Jorgensen for the quarterback spot.

The Vikings' first regular game is on September 23rd with the East Jordan Red Devils at East Jordan. Coach Baumann said that this week's practice game with Kalkaska should show up any Viking weak spots and next week would be devoted to plugging up any offensive or defensive soft spots.

### "Flies Only" On N. Branch

The Michigan Conservation Commission is at the training school at Higgins Lake last week voted to limit the entire North Branch of the Ausable River to "flies only" next season. They also placed other special trout fishing regulations on the stream.

### WOMEN BOWLERS SET SEASON RULES

There will be church services on Sunday, September 18th, at 11:00 o'clock, with Mr. Burt Nielsen of Detroit filling the pulpit.

As of Monday, September 12th, the Johnson Motel became known as the Midtown Motel, according to an announcement made by Ole Williamson, the motel's owner.

## JACK PINE'S STUMP

Wish somebody would come up with a good slogan for the city. I have had some rare and unusual suggestions but nothing I would print. I think I have seen the one that Grover Cason has on the sign south of town. There must be SOMEBODY else who has an idea.

—JP

Reverend John Enselmann is leaving Grayling and the city will lose much by his departure. Those who know him and those who don't can all be thankful for his inspiring work in the community and particularly his work with the Boy Scouts. His shoes will not be easy to fill.

—JP

WELL! Walter Reuther, UAW and CIO president, father and forerunner of the Guaranteed Annual Wage in the automobile industry in excess of \$20 is screaming for a Congressional investigation into the proposed rise in auto prices come 1956. Apparently Mr. Reuther thinks that the companies are making too much money and that payments to stockholders are far less worthwhile than payment to workers. Jack Pine feels both are equally important and valuable, and I am sure that any investigation would bounce back and place the blame in its proper place. If the auto workers (and the common people too) have to pay more for their cars, it's because the cost of production has gone up. And the cost of production has gone up because Reuther has consistently raised costs in the auto factories. This year he also raised labor costs in the steel factories so that the car manufacturers are going to have to pay more for steel than they buy. I'm sorry, but I can't work up too much pity for the poor downtrodden workers in Detroit with their miserable twenty bucks a day (plus insurance, pay raises, holidays, vacation, lay off pay and others). How many people in Grayling get that ... or anything near it?

—JP

### I think Congress SHOULD investigate

Depressing thought of the week: The Chicago Weather Bureau, in its long range forecast, predicts an unusually dry September for this area, with no decrease in the fire hazard.

—JP

Mon are bound to learn more as they grow older... but by then it seems less important.

"I know a man in Grayling who belongs to the Chamber of Commerce. He helped select a board of directors, which in turn hired a secretary-manager; and then the man sat back and waited for the Chamber as a member. He called it a group he called 'they.' Says he, 'They shouldn't do this and they shouldn't do that... forgetting that he is part of the 'they.' Now this is a very bad attitude indeed, and unfortunately, a common one. Jack Pine, too, has fallen in to the share. In last week's column I criticized the fact that I received a 'statement' for next year's schedule and was told that its length was to what I thought of it. But criticism is valueless without some sort of positive suggestion as to, perhaps, a better way. Now this would be my suggestion:

The meeting of the entire Chamber is set for September 14th. At this meeting there will be a "progress report" as to what the Chamber has accomplished this year. It will be followed by an outline of future plans. At the end of the meeting would be a fine time to make a plea for the next year's membership dues. Psychologically the timing is perfect. A few days later there should be a reminder of what was said in the meeting, along with a reminder of dues. The same reminder could be sent to any other people, not members, who are good prospects. That would be a good idea.

The suggestion I should have made last week.

# Grayling To Mio Canoe Race Starts Sat., Sept. 17 at 11 A.M.

## Eighty Women Attend Home Demonstration Camp

About 80 Home Demonstration women from Kalkaska, Crawford and Antrim Counties attended the Women's Camp Day on Torch Lake last Thursday. Miss Poll McSparrrow, very capably demonstrated the art of ironing and other articles in making of table centerpieces. Charles Schich conducted a nature tour over the camp area while A. Dowdy discussed the many uses of the potato. The above are Extension Specialists from Michigan State University. A potluck dinner was enjoyed by all.

Officer Training will be Sept. 20 in Grayling at the Grayling Town Hall and in Kalkaska County Sept. 21 at the Court House.

## Rev. Enselmann Leaves Grayling

Bringing to a close five years of service as pastor of the Grayling Evangelical Lutheran Church, Rev. John Enselmann, preached his farewell sermon last Sunday morning. The church was beautifully decorated with garden flowers, and a large congregation was present to hear him.

During the service, Rev. Enselmann also officiated at the christening of Irene Camilla Sorenson, little daughter of Mr. and Mrs. William Sorenson, and in the presentation of the Boy Scouts of America to Charles Garland, a member of the congregation.

That evening members of the Grayling church, and also from the Messiah Lutheran Church of Roscommon, whom Rev. Enselmann has also served during his stay here, gathered at Danabod Hall for a farewell party in his honor. Approximately 120 guests were present to enjoy the 6:30 o'clock ham dinner served by the three Ladies Aid of the churches.

Following dinner a short program was given in the auditorium, which also was decorated with bouquets and baskets of flowers. Mr. Herbert Pruehs of the Messiah Lutheran Church acted as Master of Ceremonies. The following program was given, coupled with group singing.

For Mess. Lutheran Ladies Aid. Mrs. Herbert Pruehs.

For Mess. Lutheran Congregation. Mrs. John Enselmann.

For Grayling Junior Ladies Aid. Mrs. Robert Sorenson.

For Grayling Senior Ladies Aid. Mrs. Wilhelm Rase.

For Gray. Lutheran congregation. Mrs. John Enselmann.

For Michelson Mem. Congregation. Rev. R. C. Puffer.

## Kiwanis Club Notes

Hans Andrews, Grayling High student and son of Mrs. Grace Andrews of Grayling was the speaker at Monday night's meeting of the Kiwanis Club of Grayling. He was presented with a club pin and a certificate of appreciation. The club members gave a very graphic picture of the workings of the 1,000 population, mythical state and its division into counties and cities. He described the workings of the nomination meetings and elections as the boys gave the mythical state, counties and cities their officers in free elections. Andrews also told the club members of the other various activities at the week long gathering such as sports and entertainment.

This week's meeting was held at the Grayling Restaurant. Andrews also told the club members of the other various activities at the week long gathering such as sports and entertainment.

## Golf Club News

The Grayling Golf Club defeated the Gaylord Club team Sunday on the Grayling course, 1924 to 1824. Six foursomes took part in the event.

In the local club tournament quarter finals Tex Rickard defeated Dr. Cook 1 up in 19 holes. Don Leslie won over Bill Sorenson, 6 to 5. Phil Payment scored over Tommy Stancel, 3 in 2. Charles Piper defeated Don Wirtz, 4 in 1. Willard Cornell finished 1 up over Dr. Henig. Grover Cason won over Ed Carson defeated Phil Wirtz, 4 in 1. Menon Corvill and Lloyd Greich had not played off their match at this writing.

## Area Field Begins To Take Shape

The football gridiron at the Grayling Memorial Recreation Area began to really take shape this week as the entire area was staked out and the huge poles which are to hold the lighting equipment were swung into place.

The poles, completed rigged with crossarms, climbing rungs and other hardware while on the ground, were hoisted into the air and placed into position by a crane owned by Jack Millikin and donated for the job. The lights are on the way and will be placed immediately upon their arrival.

Russell Carlson, chairman of the committee said.

## Life Photographs Rev. R. C. Puffer

A photographer for Life magazine flew into Grayling last Thursday to take pictures of Rev. R. C. Puffer and the Michelson Memorial Church for a feature layout on the coming White House Conference on Education.

Rev. Puffer is one of 55 delegates to the convention from Michigan. Life plans on photographing and interviewing 14 of the delegates and Rev. Puffer was one of them that was selected. An interviewer from Life's Detroit office will interview the Grayling pastor at a later date.

## Ends 54 Years' Service On NYC

Lewis D. Herbison, of Bay City, former Grayling resident for many years, made his last run Friday as conductor on the New York Central's Beeline in completing 54 years of service to the railroad.

Reaching his 73rd birthday last April 14, he is retiring from railway service "to do little traveling, fishing and hunting."

His railroad career started with a bridge construction crew, and a year later he joined the telegraph department. For 52 years he has been in the train department, 44 as a brakeman.

Thirty-two years he worked on the Grayling to Mackinaw City run, the rest of the time out of Bay City. The past two and one-half years he has been conductor on the Beeline between Bay City and Midland.

Mr. Herbison has one son, Robert, by a previous marriage to Mrs. Anna Boeser, who succumbed over 20 years ago. Robert is married and resides in Chicago.

## PLEADS GUILTY ON LARCENY CHARGE

Elmer R. Hanover, 25, of Grayling pleaded guilty to a charge of simple larceny before Justice of the Peace Arthur Clough on Monday of this week. The case was continued, and sentencing will probably take place at the end of the week.

Hanover was arrested last Wednesday by Sheriff John A. Papendick following an investigation of the theft of a number of auto radiators around Grayling from stored or wrecked automobiles. Hanover was charged by the Sheriff of stealing the radiators and selling them to a junk yard. Hanover on his appearance in Justice Court entered a plea of guilty.

## Bear Lake Annual Barbaco Success

The Annual Bear Lake Twp. Barbaco, held at the German Tavern, September 4th, was well attended and the scene of many interesting contests. Grayling representatives in the Bear Carrying contest were Bob Annis and Frank Mich, both of Bear Archery. Bob who won first prize carried his beans in a teaspoon with a steady nerve but Frank, who ran a close second spilled the beans, as usual, and lost out on the five cash flash light.

## NOTICE

During the 15 days immediately preceding the small game season, it is unlawful to transport or have in your possession in an area frequented by game birds and animals, a firearm of any description.

This period is from Sept. 15 to Sept. 30 inclusive.

Mr. and Mrs. Ray Cherry of Grayling led the Edwin Pratts Light.

## \$700 In Cash Prizes To Be Awarded Winners

An expected 20 to 25 two man canoe teams are to start from Ray's Canoe Livery at US-27 in Grayling at 11 a. m. this Saturday morning for a 100 mile canoe race down the Ausable River to Mio. The teams will be started at ten second intervals and a time correction will be made at Camp Ten. Bridge in order that the first canoe will be the winner.

Snider in conjunction with a group of Mio businessmen is sponsoring the race which should prove a much different contest than the rugged 240 mile marathon from Grayling to Oscoda. Much faster time from Grayling to Mio is expected in this race than in the Michigan Canoe Championships.

In that teams can enter the race up to one half hour prior to the start has held entries into the sprint contest back, it is known that at least five teams from Grayling will be in the 100 mile speed trial.

It is expected that the winning canoe will hit the Mio dam between 5 and 6 in the evening. In that this is the first race of this type on the river, a short almost sprint, in contrast to the lengthy Michigan Canoe Championships, the time in which the race will be made can't be exactly foretold.

The rules governing this race will be almost identical to the big race. The difference is that advertising on canoes will not make for a higher entry fee. The entry fee will be \$10 per canoe and entry into the race may be made at Ray's from now until one-half hour before the race when the drawing for position will be held. There is no age limit either. Only stock canoes will be allowed in the race, it was said.

Many of the teams which were in the Michigan Canoe Championships are expected to enter the race. In that the entire race will be run in daylight hours and only of 100 miles length, it is extremely hard to figure the chances of various teams. The method of racing will undoubtedly be changed by most teams in that it will be so necessary to conserve strength and energy for the haul all the way to Lake Huron.

## Gun Club To Shoot Sunday

The Grayling Gun Club held a shoot at their field off the Grayling Golf Club Sunday with a good attendance. Herb Wolff and Esbern Hanson with 22 out of 25 tied for first prize. Grover Cason and Jack Lockwood tied at 19 each for second. Prizes for the shoot were donated by Black and White Grocery, Bill Hines and Arnold Hubbell.

The Club is planning another shoot this coming Sunday, September 18th at 2:30 p. m. All shotgun enthusiasts are invited to attend.

## State Republicans Eye Mackinac Meeting With Happy Anticipation

State Republicans are rubbing their hands in happy anticipation of their "open to everyone" political get-together at Mackinac Island Sept. 17-18.

They watched a similar meeting of Democratic bigwigs last month with some anxiety. But as the session continued, GOP leaders relaxed.

"They are just refreshing the same old chatter," said a leading Republican spokesman. "They just haven't got an issue and they know it. The Republican national administration has given the country peace and prosperity; provided the working man with the best income ever, and will probably balance the budget. Personal attacks on Eisenhower have been getting them nowhere, so they must scrape the bottom of the barrel for anything to criticize."

Republicans are billing their meeting as the All Michigan Republican Forward to '56 Conference. Anyone interested in good government is said to be welcome.

Program calls for several national known speakers, like Leonard W. Hall, chairman of the national committee, to be present. There will be talks on foreign affairs, finance, domestic problems; panels on such subjects as mental health, education and state economy.

Subdivisions of the GOP will huddle to decide what should be done about winning the state election in 1956. Besides the State Central Committee, which will ponder the same problem, sessions have been scheduled for the Young Republicans, Republican women, Republican war veterans, etc.

"A blue ribbon state." That's the aim of the GOP and its machinations. They are hoping to find a list of "well qualified, energetic" candidates, with irresistible public appeal. Who they will be—or where they'll be found is not yet certain. In fact, recent trial balloons for candidates for the governor's race indicates that things are very much up in the air.

Peace and Prosperity for the Michigan of Tomorrow. That's the announced theme for the GOP Mackinac meeting. A necessary part of any such plan, from the standpoint at least, means the first big job to be accomplished is the

organizing of their own party into a machine that can win Michigan elections.

Organized Efforts By Many Local groups will soon be made in a campaign to urge all eligible voters to register. This is part of a national drive, suggested by President Eisenhower, to get out the vote for coming elections.

Cooperating with the idea, Gov. Williams appointed a state committee to promote the idea through branches of their individual organizations—political, trade, civic, religious, etc.

Constitution Day, Sept. 17, will see the kick off of the seven day drive. The period will be called Citizenship Week. The governor has also issued a proclamation asking for wide spread participation in the promotion to insure registration of all eligible voters.

Various activities will be seen in various areas. In metropolitan areas branch registration offices will be set up, manned by firemen, policemen or other volunteers. In other localities, telephone campaigns will be organized. Bulletin boards will remind people to register. Newspapers, radio and TV will carry the message.

Humorous Suggestion was submitted by the editor of a northern weekly newspaper in an open letter to the "New Secretary of State—Whoever You Are."

The editor referred to the running battle about the site of the jet interceptor base in northern Michigan, calling it a "Lazy Susan basis, stopping here and there." He suggested that the matter be left to the U. S. Navy. The base could then be built on an aircraft carrier, which could steam to the area which satisfied the most political pressures. Other advantages of this plan were listed: no roads required; no television towers; no Congressional district boundaries. In the summer it could be moved from the National Music Camp area, because, he says, no enemy would be expected to attack during "music season."

Slogans on License Plates describing the wonders of Michigan may be abandoned in 1957.

It all started when Secretary of State James M. Hare assigned a committee to a study of highway safety measures and an anonymous attorney questioned the right of the state to advertise on license plates.

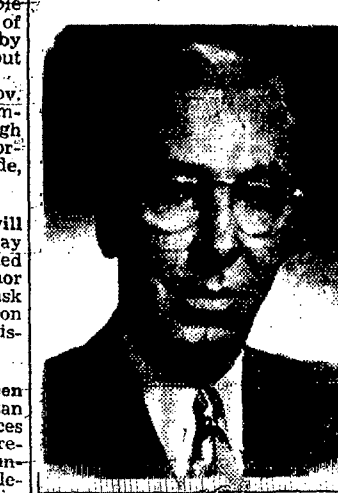

Hare mentioned that the National Safety Council was recommending that states drop the slogan.

He said he had a letter from the National Safety Council, denying a recommendation one-way or the other on the slogans. At the moment, the issue still is unsettled.

## Local Club Sends Group To Camp

KENNETH B. LOHEED

The Kiwanis Club of Grayling will be represented at the 1955 convention of the Michigan Kiwanis District at Lansing, September 25-28. Club President Les Hunter announced today.

Local delegates to the convention will be Art Clough, State Chm. of Conservation & Agriculture Committee, Willard Cornell, Vice Pres., and Les Hunter, President.

Kenneth Loheed, trustee of Kiwanis International and widely known Toronto, Ontario (Canada) businessman, will be a featured speaker during the three-day meeting at the Hotel. Also on hand will be Mr. Walter Patenge of Lansing, Michigan. He, too, is an international trustee.

Delegates from 158 clubs, representing a membership of more than 9200 business and professional leaders, will participate in the various sessions. Committee conferences, a discussion of plans for the coming year, and election of officers will highlight the convention program, Hunter said.

The presiding officer at the three-day session will be Mr. Robert Cray, governor of the Michigan Kiwanis District. Cray is a Jackson, Michigan attorney.

Last Thursday evening, President Hunter accompanied by Bill Hines, Russell Carlson and Ole Williamson attended a meeting of the Kiwanis Club of Crystal Lake for an inter-club meeting. The Grayling club plans on having an inter-club session with every other club in the fourteenth division. They must only have meetings now with Cadillac, Marquette and Houghton Lake to complete the project.

President Hunter also announced the naming of a nominating committee to select a state officer for next year. Chairman is William Joseph with Don Gotro and Earl Burns as members of the committee.

## CARD OF THANKS

This is a thank you note to Fr. Breitenstein, Dr. Clappert, the Sisters Nurses for their kind care and attention given to me while a patient at Mercy Hospital and to the many nice friends who have remembered me while I have been ill.

## Hold Annual Camp Margrethe Fish Fry

The annual fish fry which takes place at Camp Margrethe, was held again this year on September third, with one hundred and twenty-eight people attending. Dr. Ralph Van Vleet was master of ceremonies, with Mrs. George Door asking the blessing before the meal. It was a pot luck dinner prepared by the women for her family, with the men frying and serving the fish. Free pop was provided for the children. After the dinner the group took in the start of the Annual Canoe Races, then returned to the Camp for movies and slides of the previous fish fries and a big camp "Good-byes" were then said until the next summer season.

## Celebrates Golden Wedding Anniversary

Mr. and Mrs. C. R. King celebrated their Golden Wedding Anniversary, Sunday, September 4th, with a dinner at the AuSable Cafe.

Thirty-seven members of the immediate family, including five of their six children, and a few friends were present. Among those attending the celebration were Mr. and Mrs. Eugene King of Flint, Mr. and Mrs. Fred "Idessa" Sherman and daughter of Marion, Mr. and Mrs. Robert King of Roscommon, Mr. and Mrs. Oscar "Ellen" Siderman and three children of Howell, Mr. and Mrs. Homer King and six children of Grayling, who are their children, two granddaughters and their families Mr. and Mrs. Eddy "Lila" Owens and three children of Grayling, and Mr. and Mrs. Devere "Ruth" Stiver and three children of Empire. The friends who attended were, Mr. and Mrs. Lynn Gohn and daughter of Flushing, Mr. Archie Arnold of Hale and Mr. Gerald Plattner of Milford.

The bridal table was centered by a three tiered wedding cake decorated with the traditional bride and groom and draped also with gold decorations. The cake was baked and decorated by Mrs. Lucille Wales. The other tables were centered with yellow glads and mums. A purse was presented to the couple from their children. Its contents are to provide a television set for their home in Kissimmee, Florida.

## How To Get Things Done...

There are two ways to get things done. One is through the use of force, coercion and threats. The other is to offer incentives and high hopes. A good example of these diametrical opposites is found in oil production in this country as contrasted with Russia.

Searching for oil is a long-shot proposition. The great majority of wells drilled in new territory turn out dry and worthless. One Texas oilman has actually sunk 96 dry holes in a row. But he's still working and still hoping. For, if the dream of a big strike is realized, he'll be able to reap a good profit in return for the time and money and labor he expended, and the risks he freely took.

In Russia, according to a Soviet geologist who escaped to this country, it's a criminal offense to fail to strike oil. Under Soviet law, a geologist who brings in a dry hole can be, and sometimes is, packed off to forced labor in Siberia.

How do these two systems of getting results work out, comparatively speaking? Here's the answer: American oil men produce close to 6,500,000 barrels of crude oil daily to Russia's 1,000,000 barrels. Putting it another way, we produce 46.3 per cent of the world's oil, while Russia together with all her satellites produces only 11.5 per cent.

You can make a man work by putting a gun in his back — but you'll always get minimum results. Prison labor is less productive than free labor. And that's why an economic system based on free enterprise — on getting results by voluntary action spurred by inducements — is always far more productive than a system based on the power of government to order men and women about.

## Make The Laws Fit The Times...

There has been an unusually large amount of editorial comment during the last few months on transportation problems and proposals. This resulted from the publication of the Presidential Advisory Committee's Report on Transport Policy, which was prepared at the Cabinet level, and which urges, among other reforms, that there be a relaxation of regulation, and that all carriers be given more flexibility in rate-making.

Editorial approval of the Committee's report has been all but unanimous. A typical view came from the New York News when it said, "What's the matter with taking off a lot of the regulations that the ICC has clamped on the railroads down the decades? These may have been necessary when the rails had almost a monopoly on transportation. Now they have fierce competition from trucks, buses, airplanes, even waterways." Another typical view was expressed by the Muncie, Ind. Star in these words: "Federal regulation of transportation is long overdue for a really complete revision. The job... should be approached with determination to make the laws fit the times, and to put competing forms of transport on an equal footing as far as federal regulation is concerned."

Secretary of Commerce Weeks, who headed the Committee, has emphasized that the proposals in no way favor any carrier against another — that the whole intent is to "let all carriers compete under the same wording of the law." The Interstate Commerce Commission would retain full power to prevent rates which are either too high or too low, or which are unfair in any fashion. That is exactly the transportation policy this country urgently needs.

In The Good Old Days—

When it came to heating, Grandpa had no great problem. Just keep the old pot-belly stove roaring—no worries about steam pressure, or explosions! But, as a house warmer the old fashioned stove was a flop. Ten feet away from it you were in a deep freeze.

Modern heating plants keep the whole place snug and cozy but they do sometimes explode and can cause extensive damage. Steam boiler insurance not only indemnifies in case of loss but the inspection service that goes with it guards against such loss occurring.

Let us tell you more about this protection.

By LYN CONNELLEY

EVER wonder how you could fare if you submitted an entry in one of TV's dazzling contests? Well, we're here to tell you—save your three-cent stamp because it's not worth gambling even that much. . . . This columnist was a "judge" once in a local contest to name a pony. . . . Know how the "winner" was selected? There was a bushel of post cards (a network show would have about ten barrels) and no one seemed inclined to go through them at all. . . . Finally, after much to do about how to be "fair" about the whole thing, it was decided to just pick them at random and use the process of elimination.

One card was picked out and the name was "Black Beauty". . . . Since that wasn't a very original name even the judges agreed at least one more card should be examined. . . . The next one came up with the name "Schultz". . . . This certainly was original.

In fact, the idea of naming of a pony "Schultz" was so fascinating that it was unanimously agreed there was no point looking further. . . . Then one of the judges looked at the name and address of the child who had submitted the entry. . . . It appeared he lived in a very poor, congested part of the city. . . . How could he possibly have a pony?

So it was discarded and a third card pulled. . . . This one suggested "Betty Baby" which was also discarded. . . . But at least it was better than "Black Beauty" and why keep digging down and waiting more time? Besides, it happened that the girl who sent in that card was a police victim and lived on a farm.

So there we were—a fair name, a good place to keep the pony and a child who needed one. It took exactly three post cards to find the "winner."
